# Welcome message

This year, ADIPEC builds on its 40-year legacy to enable innovation and accelerate action, exploring the intersection of energy and artificial intelligence (AI) to drive the transition and deliver global impact. As the trusted platform for the evolving energy ecosystem, ADIPEC 2024 will support today's industry while inspiring the innovations of tomorrow by igniting the disruptive thinking needed to find credible solutions for the lower-carbon, higher-growth future of energy.

Over four days, ADIPEC 2024 will unite the entire energy ecosystem, bringing together attendees from across nations and industries, the world's largest energy producers and consumers, as well as enablers in government, finance and technology, to find collective solutions to the most pressing energy issues the world faces today.

At the heart of this mission lies the ADIPEC Conferences. Our 10 curated conferences, which will feature 370+ sessions and 1,800+ speakers, have been organised to advance tangible action and demonstrate collaborative industry progress for an economy-wide transformation for people and the planet. Tackling critical topics and featuring the world's foremost leaders, decision-makers, academics and experts, our conferences will foster innovative solutions and drive actionable outcomes to advance the transition to a secure, equitable and sustainable.

On the show floor, visitors will have the opportunity to connect with more than 2,200 companies including 54 NOCs, IOCs, NECs and IECs, and 30 dedicated country pavilions, all showcasing the latest solutions, strategies and innovations that are defining the future of energy.

Additionally, among our four specialised industry areas this year we are introducing Energy<sup>ai</sup> by ADNOC to explore the energy-artificial intelligence nexus, highlighting the integration of AI technologies across the energy value chain.

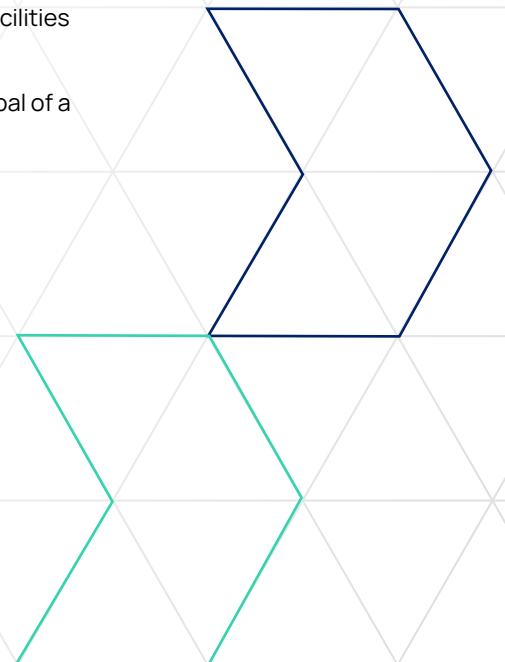

This rich conference and exhibition programme gives you the opportunity to network, build connections and grow your business.

Included in this information pack are further details of the event itself, available on-site facilities and such practical information as parking and hotel accommodation availability.

I hope your visit to ADIPEC is productive and engaging and helps to advance our shared goal of a better, more sustainable energy future.

Christopher Hudson  
President - dmg events

# The world's largest energy event

Building on 40 years of energy leadership, ADIPEC 2024, will enable innovation and accelerate action, exploring the intersection of energy and AI to drive the transition and deliver global impact.

Over four days, ADIPEC will convene 184,000+ attendees from varied communities, nations and industries, including the world's largest energy producers and consumers, as well as enablers in government, finance and technology, to find collective solutions to the energy trilemma.

Across more than 10 conferences and 370+ conference sessions, featuring 1,800+ diverse voices, including ministers, CEOs, academics, energy experts and youth, ADIPEC will address how collective energy innovation and action can empower lives and drive global prosperity.

The ADIPEC Exhibition, spanning 16 halls, will provide a platform where the energy world can demonstrate its high impact solutions, build trusted relationships, and forge the game-changing, cross-sector partnerships needed to deliver secure, equitable and sustainable energy for all.

# Your checklist

To ensure your visit to the world's largest energy event goes as seamlessly as possible, we recommend using the below checklist:

## Visitor "Print at home" badge

To avoid onsite registration queues, we highly recommend that all our visitors print their visitor 'Print at home' badge.

Secure your complimentary visitor pass by visiting [www.adipec.com/visreg](http://www.adipec.com/visreg), and upon completion; you will receive an email confirming your registration with your "Print-at-home" visitor badge.

## Onsite visitor registration

Forgot to pre-register and download the 'print-at-home' badge? Attendees also have an opportunity to register onsite by visiting any of the registration terminals located across multiple locations throughout the venue.

## Official travel partner

ADIPEC is proud to announce FLYT as the official travel partner of ADIPEC.

[More information on page 18](#)

## Park and Ride

We have partnered with Zayed Sports City, our Sport & Recreation Partner, to provide you with complimentary park-and-ride service.

[More information on page 19](#)

## Hotel shuttle bus

Several complimentary hotel shuttle bus routes are available to and from selected hotels in Abu Dhabi to ADNEC.

[More information on page 18](#)

[View shuttle bus schedule:](#)

Scan the QR Code

## Onsite information desks

Dedicated information desks with helpful staff who are happy to assist you from 08:30 till 18:00 are located throughout the venue.

## Download the ADIPEC Mobile App

Be the first to know the latest news on ADIPEC. Make your participation more effective while you are on the go by downloading the ADIPEC Mobile App.

Scan the QR Code

Visit [www.adipec.com/app](http://www.adipec.com/app) to download the ADIPEC Mobile App.

# Promote your attendance at ADIPEC 2024 to your network

## SECTION 1

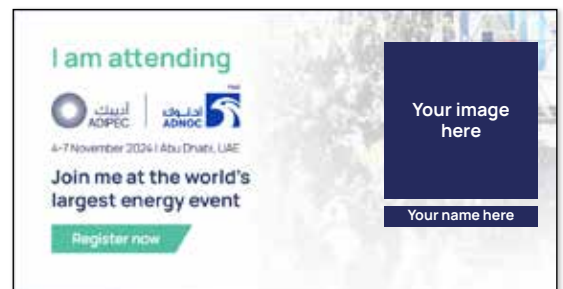

### Post a personalised banner on LinkedIn:

Share a personalised LinkedIn banner and post to your network by following the steps below:

- Scan the QR code or click this link to post a personalised speaker banner: [www.adipec.com/im-attending](http://www.adipec.com/im-attending)
- Log in to your LinkedIn account
- Edit the text (optional)
- Publish the post

Share the link with your colleagues as well: [www.adipec.com/im-attending](http://www.adipec.com/im-attending)

## SECTION 2

# Event features

## AI Zone **NEW**

Located at the main entrance to ADIPEC

Spotlighting the transformational impact that artificial intelligence will have on the energy transition, the AI Zone at ADIPEC 2024 will explore the energy-AI nexus, spotlighting the integration and impact of AI solutions across the value chain while also shining a light on the increasing demands AI is placing on our energy systems.

## Decarbonisation Zone

Location - Hall 12

The Decarbonisation area at ADIPEC can spark the disruptive thinking needed to deliver tangible, high-impact solutions for energy sustainability and decarbonisation, bridging the gap between finance and innovation to unlock unprecedented new investments in our collective energy future.

## Digitalisation Zone

Location - Chevron Hall (Hall 14)

Digital technologies will form the foundations of an energy system that can enable a higher-growth, lower-carbon future. The Digitalisation area will advocate for the accelerated adoption and integration of transformational digital solutions like smart grids, drone and satellite detection technologies, and shared mobility solutions.

## Maritime & Logistics Zone

Location - Hall 15

The Maritime & Logistics area is a meeting place for the energy and maritime sectors to come together to explore emissions reduction solutions that can advance the world's climate ambitions. It will bring together industry leaders, regulators and decision makers from the global maritime and logistics supply chain, alongside leading technological and digital experts to accelerate tangible, collective progress.

## Young ADIPEC

Location - Chevron Hall (Hall 14)

Young ADIPEC seeks to inspire tomorrow's changemakers, empowering them to work together, unify around a common cause, and play a central role in creating a more inclusive and progressive energy future.

# Explore AI, digitalisation & decarbonisation solutions at the ADIPEC Exhibition

The guides have been created to showcase the latest solutions from ADIPEC's exhibitors on the show floor to highlight innovation and evidence of progress towards the energy transition.

## Innovation Guide

In response to the great potential of AI and digitalisation tools to advance the energy transition, the Innovation Guide has been designed to highlight the AI and digitalisation offerings of ADIPEC's exhibitors, showcasing cutting-edge applications of these transformative technologies.

## Decarbonisation Guide

The Decarbonisation Guide offers a global stage for ADIPEC exhibitors to communicate their contribution to accelerating the energy transition, featuring industry initiatives, commitments, projects and products, acting as tangible evidence of their progress towards decarbonisation.

**To grab your copy of the guides:** Sign up for updates: [www.adipec.com/get-updates](http://www.adipec.com/get-updates)  
Get a copy onsite by registering now: [www.adipec.com/visreg](http://www.adipec.com/visreg)

# ADIPEC Conferences

Spanning **10 conferences** and over **370 sessions**, ADIPEC will provide an inclusive stage for more than **1,800 speakers** to address the most urgent global energy challenges.

Under two conference streams - Strategic and Technical - and through 10 Leadership Roundtables, global experts will share their insights and approaches to achieving global energy objectives and drive economic growth and prosperity.

## Strategic Conferences

- **Strategic Conference** - The Strategic Conference will convene the energy world's most influential voices, offering diverse perspectives and accelerating action to deliver a just and orderly transition.
- **Decarbonisation Conference** - The Decarbonisation Conference will pool insights and expertise from the entire global energy ecosystem, creating an inclusive forum dedicated to finding credible solutions that can deliver the energy system of the future, while rapidly decarbonising the energy system of today.
- **Hydrogen Conference** - The Hydrogen Conference will convene industry leaders to discuss these developments and chart a path forward. The conference will focus on hydrogen's integration into global economies, address technological innovations, and support the development of strategies to scale up the hydrogen economy and accelerate the world's efforts to overcome the energy trilemma.
- **Maritime & Logistics Conference** - The Maritime & Logistics Conference will convene pioneers, executives and regulators from the shipping world and beyond, fostering dialogues that drive cross-sector progress towards net-zero, shaping the future of global supply chains and reinforcing a collective commitment for both, people and the planet.

- **Finance & Investment Conference - New**  
The Finance & Investment Conference leverages global capital markets to advance a lower-carbon, higher-growth world. The programme offers a convening platform for the finance and energy sectors to mobilise capital like never before.

- **Digitalisation & Technology Conference - New**  
The Digitalisation & Technology Conference will unlock the opportunities presented by the integration and adoption of Fourth Industrial Revolution technologies, with a special focus on Artificial Intelligence (AI).

- **Voices of Tomorrow - New**  
Voices of Tomorrow provides a meaningful convening platform for leaders from the energy industry, representatives from civil society and champions of diversity and youth, ensuring that the path towards a sustainable energy future is shaped by a truly global community.

## Technical Conferences

- **Technical Conference** - Organised by SPE, the Technical Conference brings together the brightest minds and technical experts from across the energy value chain to highlight the strategies and innovations accelerating the transformation of the energy system.
- **Downstream Technical Conference** - The Downstream Technical Conference will accelerate collaboration and partnerships, offering opportunities to gain insights into the transformative strategies and advancements in low-carbon solutions, digital transformation, advanced manufacturing, alternative fuels, project excellence and the wider downstream value chain.

## Leadership Roundtables

- At these invitation-only roundtables, decisionmakers who are spearheading the evolution of a responsible energy industry will engage in impactful discussions aimed at accelerating the energy transition. Each conversation will be enriched by specialised expertise and diverse perspectives, transforming discussions into tangible actions, insights into meaningful impacts, and commitments into reality.
